Iris Planted Now Will Give a Fine Showing Next Year

Crested Iris

Bearded Iris

Oriental Iris

Siberian Iris

Miniature Iris

IRIS KAEMPFERI . . Oriental Iris

These flower after the Bearded Irises have gone, and will do well in almost any location, but especially well where it is moist.

IMPROVED VARIETIES.

Elbrus. Double, clear lavender flower of immense size and splendid substance.

Light-in-the-Opal. Double; orchid-pink with glistening sheen.

Mahogany Giant. Deeper shade of velvety maroon than Mahogany, and larger.

Above Improved Irises, \$1 each, \$11 per doz.

STANDARD VARIETIES.

Ruby King. Double; ruby-crimson.

Blue Queen. Deep blue, veined yellow.

La Favorite. Double; white, veined blue.

Mrs. George Stumpp. Single; white.

Painted Lady. Single; purple, white center.

Violet Beauty. Deep violet; single.

All Standard Irises, 55 cts. each, \$1.50 for 3, \$5.50 per doz.

IRIS SIBIRICA . . . Siberian Iris

They make large clumps of decorative grassy green foliage and produce an abundance of flowers excellent for cutting. 3½ to 4 ft. June.

Emperor. A dark violet-blue.

Perry's Blue. Clear sky-blue.

Snow Queen. Pure white.

PRICES, unless otherwise noted, \$1.10 for 3, \$4.25 per doz.

Purchaser pays transportation beyond 50 miles of New York

* Dwarf plants for the Rock-garden and edging the Perennial Border

MINIATURE IRISES

* An early dwarf type, blooming along with the daffodil. Beautiful and delicate in appearance, yet especially hardy. Recommended for the rock-garden, for edging the border or alongside the garden path.

Mogador. * Milk-white standards; falls soft yellow. 12 in.

Tampa. * Brilliant mulberry-red. 1 ft.

Tony. * Brilliant dark ruby-red. 1 ft.

IRIS PUMILA. * Dwarf Iris. Lovely little Iris only 8 inches high. Blooms in April and May. Useful for the rock-garden;

Excelsa. * Pale lemon-yellow.

Sambo. * Dark violet-blue.

Schneekuppe. * A large showy white.

IRIS CRISTATA. Crested Iris. * Large crested flowers of soft amethyst-blue. May. 4 to 6 in.

IRIS VULGARIS June-Blooming

These beautiful flowering plants are one of the mainstays of the garden. They are all of easy culture, simply requiring a well-drained soil and plenty of sun. Care should be taken not to plant too deeply.

Alta California. Beautiful yellow. 4 ft.

Ambassadeur. Rosy lilac, and rich purple.

Athene. Tall bearded white.

Dauntless. Velvety near-red. 40 in.

Dazzler. Deep rose; very fragrant.

Euphony. Yellow; falls flushed blue. 3 ft.

Evolution. Tall bearded, self yellow.

Frieda Mohr. A giant pink variety.

Goblin Red. Ox-blood-red. Quite distinct.

Gold Imperial. Deep chrome-yellow.

Grisette. Blend of violet, old-gold and brown.

Grace Sturtevant. Rich mixture of dark red, brown, and violet-carmine, with a velvety finish on the falls.

Henri Riviere. An excellent flower in delicate shades of soft yellow and pale lilac-mauve. The lilac shading is very delicate, so that the general effect is yellow. 3½ ft.

Indian Chief. Classed as one of the superior reds; it carries a bronzy overcast. Very large flower, quite tall, and well branched.

Midgard. Fine yellow variety with a suffusion of pink.

Milky Way. Milk-white, veined light lavender.

Mrs. Valerie West. Brown-red and crimson;

Pioneer. Rich red-purple.

Queen Catherine. Very large pale blue flowers. Sweetly scented.

Rameses. Rose, pink, and buff. 3 ft.

Seminole. Velvety red-purple with a bright orange beard.

Wedgwood. Delicate pottery blue.

SPRING AND FALL-BLOOMING IRISES

This splendid group has evoked great interest in the garden world because after flowering profusely in the spring they blossom again in the fall.

Autumn King. Blue-purple of good substance. 3 ft.

Eleanor Roosevelt. Royal purple. 26 in.

Peggy Babington. Rich clear canary-yellow.

September Skies. Purple-red. Excellent companion to Golden Harvest. 16 in.

Strawberries Are Easily Grown

Rich soil, kept firm and with a plentiful supply of moisture, is desirable. Select potted plants and space them at 9-inch intervals in rows 2 feet apart in spring or late summer.

Keep the row well weeded at all times, and your hoeing must be very shallow, because all feeding roots are close to the surface. Whiten the soil around the plants with General Garden Fertilizer in November and May. Spread ½ inch of peat moss over both ground and plants in December, and brush it lightly off the leaves in April.

Strawberry plants produce daughter plants around the parent, and as care of a bed develops into routine, it is usual to retain daughter plants at approximately 9 inches apart; in early autumn, transplant unwanted plants into new rows and destroy the year-old parents.

Runners connecting plants should be cut as soon as young ones are rooted.

EARLY

Blakemore. Extra-early variety with large fruit excellent for preserving. U. S. Government variety.

Dorsett. A very vigorous-growing variety. Early. Bright red, cone-shaped berries.

Fairfax. Berry of exceptional firmness and high dessert quality. A prolific bearer.

Red Star. Large, solid berry, red clear through. Heavy producer. U. S. Government variety.

Potted Plants, \$2 per doz., \$12.50 per 100

MIDSEASON AND LATE

Big Joe. A very productive variety with extremely large berries, and one of the best-flavored sorts. In size, firmness, yield, color, and quality, it leads. Midseason.

Catskill. Plants are large and healthy. Fruit extremely large, well colored. Midseason.

A mulch of salt hay or straw makes for cleaner, larger Strawberries. Keeps down weeds also

Chesapeake. Has a beautiful appearance. Extra large and even in shape. Late.

Premier. Produces an abundance of large, bright flame-colored berries.

Potted Plants, \$2 per doz., \$12.50 per 100

The above types produce one abundant crop of flowers, followed by fruit, in spring or early summer.

The following types produce flowers rather sparingly all the year. By keeping these pinched

off in spring and summer until August 15, and so building up reserved strength in the plant, a fair crop of good fruit will be developed for the autumn.

EVERBEARING VARIETIES

Mastodon. Fruit is very large and produces berries from summer to late fall.

Progressive. Produces fruit all season. Berries of medium size and full flavored.

Potted Plants, \$2.50 per doz., \$15 per 100

UNUSUAL FOODS FROM OUR EPICURE FOOD MART

We have added to each of our up-to-the-minute shops, modern food departments where those who know and enjoy choice foods will find unusual; rare delicacies and specialties to please their sophisticated tastes

MRS. BAUER'S RASPBERRY SYRUP. For soft drinks and cocktails; serve with pancakes, French toast and puddings. For children and adults. Made from an old-time European formula. 16-oz. bottles 55 cts.

FAHRENHEITOR

The Chemist's way of cooling a bottle. As cold as you want when you want it. A powerful table refrigerator for applying ice/salt mixtures. Directions with every purchase \$22.00

It was an ice/salt mixture that enabled DANIEL GABRIEL FAHRENHEIT (1686-1736) to establish the lowest fixed point, 0°F, on his famous thermometric scale.

Today, we have the mechanical refrigerator. Why then should this old method still have its place? Because the household refrigerator cannot cope with certain jobs. It takes hours, literally hours, to cool a bottle or a bowl of fruit salad. You know this from sad experience. You were tantalized by lukewarm bottles when you and your guests were all set to enjoy a really cold glass of beer. The trouble is that the glass of the bottle is a poor conductor and that the cold air of the refrigerator is a slow cold conveyor. Here is where the old Fahrenheit method can supplement the modern refrigerator, stepping up its performance like a supercharger. There are those wonderful ice cubes, which store refrigeration capacity. Salt, like a magic key, releases within minutes their locked-up cold and, moreover, transforms their temperature to a lower level. The resulting brine is the most powerful cooling medium a chemist could wish for.

GARDEN FURNITURE of Realistic Beauty

RUSTIC—REINFORCED CONCRETE

For that secluded rendezvous, your hideaway or any favorite spot in your garden, we offer for permanent installation five pieces of cement composition garden furniture that will thrill you and your gardening friends. Almost natural in effect, strong and will withstand the elements for years. Rustic bark finish.
